

Due to the requests of our clients, we have decided to offer additional services to make the things more and more easy for who comes to fish with us. Chile also offers many interesting choices for non fishers companions or for those fishermen that aside of the fly fishing have another special

interests. We offer the chance of doing different trips or excursions to make before or after our trips, even to be part of our trips. and some additional services to make your travel easier, as example car rental, transfers, and local flights.

In addition we now offer to our customers the chance of doing trekking at National Parks of Chile, birdwatching, skiing, sighting trips. We are now diversifying our offer, fly fishing is still the main activity, however we are looking for extending the range of services to our customers.
